Proposed Platform Changes

Submitted by Patriots

We Thank You

One proposed change per page

IMPORTANT: If you adopt a change, you need to put the name and personal information on the page of someone in your county. Each proposed change needs to be represented by someone in YOUR district. Changes that pass will be forwarded to your CD for further discussion during the CD Conventions on April 6, 2024 and finalized at the State Convention on May 4, 2024.

INSTRUCTIONS

1. Read each proposed amendment (PA) to the crowd and discuss. (If you have the ability to display on an overhead, the slideshow that accompanied the email containing this document also contained a set of PowerPoint slides. A slide show would make it easier for your audience to see the PAs.)
2. For each PA, circle whether it passed or failed, and record the total Ayes and Nays.
3. Send all approved amendments to your CD chair no later than Monday, March 5th.
4. **VERY IMPORTANT** – When you send your amendments to the CD chair, BCC chair@repaccmo.com so we can determine how many passed, and share that information with all the delegates going to the CD convention and then ultimately, the delegates going to the state convention.
5. Remember, the rules require the amendments to be typed, and all information on the attached pages must be completed using a person from your county as the submitter. For this reason, we are leaving the original submitter's name, address, phone, etc off these forms. You **MUST** have a person from your county listed as the submitter.

AMENDMENT TO THE 2024 MISSOURI REPUBLICAN PARTY DRAFT PLATFORM

Article Amended: Add to existing bullet points

Section Amended: 1. Preamble

Proposed Amendment:

- We believe what James Madison said in federalist 45 is absolute: The powers delegated by the proposed constitution to the federal government are few and defined. Those which are to remain in the State Government are numerous and indefinite.

Article 1 section 4 of the Missouri State constitution states that Missouri is a free and independent state subject only to the Constitution of the United States.

Article 1 section 2 states that it is the responsibility of the state government to protect the very liberty of its citizens, and that if it fails to do this, it fails in its chief design.

Therefore, it is not only the right of the state to say no to the encroachment of the Federal government, but the duty of the state government.

We believe that the state not only has a right to use the anti-commandeering doctrine, but in accordance with article 1 section 2 of the Missouri Constitution, it is obligated to use anti-commandeering to withhold state resources and support, whenever the federal government usurps the rights and sovereignty of the State.

AMENDMENT TO THE 2024 MISSOURI REPUBLICAN PARTY DRAFT PLATFORM

Article Amended: Educating Our Children

Section Amended: 2. Freedom

Proposed Amendment:

This is modifying the preamble of this section and then adding two bullet points and modifying the bullet point on eliminating the Department of Education.

Propose the following amendment to Educating Our Children:

(The education of Missouri’s children is the first fiscal priority mandated in the Missouri Constitution. The Missouri Constitution stipulates that education in this state is provided freely to students for the purpose of teaching students how to govern themselves and assert their rights, acknowledge their duties, and proclaim the principles on which our government is founded.) Due to excessive interference and misguided objectives by the government and other special interest groups, this goal has been hindered and educational outcomes have declined. (Control must be returned to parents who have the natural right to authority over how their children are educated.)

Therefore, the Missouri Republican Party Supports:

- Elimination of the U.S. Department of Education and returning the authority over schools to parents and school boards to make determinations regarding educational issues
- Requiring all external sources of funding, including private grants to the state and or district must be approved by a vote of the people
- Repealing the Outstanding Schools Act and reverting the role of the Missouri Department of Elementary and Secondary Education to its original role in supporting locally elected school boards

The doctor-patient relationship is sacrosanct and should be free from interference from the federal or state government. Every Missouri citizen should be treated equally with respect and dignity regardless of age, race, color, gender, or financial status.

Therefore, the Missouri Republican Party Supports:

- Allowing every Missourian the right to refuse interventions upon his or her person

TEACHER PERFORMANCE: Teacher performance cannot be evaluated only by an end of the year test that reduces that teacher to one score. Teachers, students, parents, and administrators should be able to see the statewide tests after administered and graded by the state. It is imperative that in order to ensure true "growth" in our schools, all tests must be reviewed once administered and scored in order for educators, administrators, and school boards to make informed decisions on behalf of their students and to gauge the validity of each test administered. Only locally elected school boards, not as directed by DESE or MSBA, should originate the policies to fairly evaluate the teachers in their school districts in an effort to retain qualified teachers.

AMENDMENT TO THE 2024 MISSOURI REPUBLICAN PARTY DRAFT PLATFORM

Article Amended: New Freedom of Speech

Section Amended: 2. Freedom

Proposed Amendment:

The First Amendment has long been celebrated for the protections it provides for the freedoms of speech and the press. Article I, section 8, of the Missouri Constitution forbids any legislative body in the state to pass any law impairing the freedom of speech “no matter by what means communicated,” but also guarantees “that every person shall be free to say, write or publish, or otherwise communicate whatever he will on any subject, being responsible for all abuses of that liberty.” The Missouri Supreme Court once noted that this “language could not be broader, nor prohibition nor protection more amply comprehensive.”

No government entity will be allow the government to impose restrictions on disfavored types of speech – even if that speech is shown to be completely harmless. We desire to follow: One of the Freedom Center’s primary objectives is to reinvigorate the exceptional protections for free expression built into the Missouri Constitution
